THE COMPLETE COMBATANT is hosting <u>UNTHINKABLE</u> with William Aprill of <u>Aprill Risk Consulting</u> on Nov. 4th & 5th, 2017 in Marietta, GA.

This class will have a TWIST!! We are proud to announce a NEW joint course with WILLIAM APRILL & BRIAN HILL, available for registration immediately.

- William: Inside the minds of Criminal Actors
- Brian: Concepts and techniques for the Gravest Extreme focusing on the "lighter" side of The Complete Combatant

Unthinkable is, in brief, a tour of the dark side of criminal violence. In TWO very full days, attendees will undertake a fast-paced and interactive overview of how dangerous aggressors think as they decide whom to victimize, and we'll review target demeanor and behavior for cues that we appear easily victimized.

Hands-on training will introduce robust, effective techniques for disarming an assailant armed with a pistol and the day will finish with an in-depth survey of the best processes and methods to establish a powerful and adaptive defensive mindset.

What do violent criminals think of us? How do they target us? How are human monsters made and born? How can we make ourselves safer? This 2 day class will help you understand the criminal mind, your OWN mind under stress and train in multiple areas of self defense in a non-live fire environment.

WHO IS INVITED? UNTHINKABLE is for all skill levels....with or without a GUN!

- Newer to the scene? I don't know anything about guns and I don't own any CAMO!! This 2 day course will help you understand the criminal mind and begin your MINDSET and self defense journey.
- Experienced with many years of training? Diverse background in self defense?
 This systematic approach will challenge you to make good decisions and brush some cobwebs away!
- This is a "thinking" class in the morning and a "doing" class in the afternoon. It
 is for ages 18 and above and is geared towards people with and without a
 GUN!!!

Particular attention will be paid to the internal mechanisms in play within the criminal psychology, the universe of signifies around "good guy" behavior, demeanor, and attributes which may actually make selection for attack more likely, as well as considerations for responsible armed citizens to mitigate this risk. Previous iterations of this material have been presented to LE agencies and private citizen groups across the US as well as international LE educational events.

Brian will be focusing on a "lighter" version of The Complete Combatant with mild non-cooperative partners (NO COMBATIVES) and a layered approach on different aspects of self defense from the first sign of danger on up to interaction with the police.
